LA IS VICTORIOUS; MURDER AND ROBBERY CONTINUE IN MEXICO

Provisional Ruler of Mexico, Executed
Americans in Vain Attempt to Satisfy
Demands of U. S. Government.

EL PASO, Jan. 25.—Various reports received this morning from different sections of the copper producing belt around Torreon tell of tales of the Villa bandits who are terrorizing the ranchmen and farmers. It is stated that murders of Americans and neutral Mexicans occur while the Carranza troops look on unable to check the riotous conditions.

In a great battle fought among the fastnesses of the Sierra Madre mountains the rebels administered a crushing defeat to the government soldiers forcing them in mad retreat backward over the mountains and through the treacherous defiles of the region. The smelter plants which employ a large number of American workmen are shutting down in consequence. Both United States and Mexican officials frankly admit that they seriously fear for the lives of foreigners in the war-torn country.

A dispatch from Washington announces the further complication of the situation by a report that the Duane brothers who were executed in Mexico on Sunday for the murder of Bert Akers, were themselves native-born Americans of New Mexico.

It is the belief of officials of the capitol city that the Carranza government is more than anxious to make a good impression in the United States by ordering a whole-sale slaughter of all those suspected of being connected with the murder of Akers, whether Mexican or American. It is feared that many innocent persons have met horrible deaths at the hands of firing squads while the real culprits escaped.

AUTOS AND GASOLINE SAFE FROM TAXATION

WASHINGTON, Jan. 25.—It is stated here today that Congressman Kitchin, majority leader, has just informed the president that the Democrats in the house have definitely refused to adopt any of the special excise taxes suggested by the administration and they have determined that the income tax must bear the burden of all additional expenditures for preparedness.

The congressman also stated that taxes on gasoline, automobiles and checks cannot be included in any measure or measures which are expected to pass the house. President Wilson, it is understood, urged Kitchin to hurry along the legislation.

GERMANS SHELL DUNKIRK.

LONDON, Jan. 25.—A message received here today tells of the shelling of Dunkirk by a fleet of aeroplanes early this morning. The amount of damage remains unknown, but serious fear is felt for the French hospitals which are located in that city.

GERMAN SEA-PLANE DESTROYED.

LONDON, Jan. 25.—A German sea-plane of the latest type has been destroyed off the coast of Belgium. After a brief engagement with anti-aircraft guns her crew lost control of her and she shot down into the North sea only a short distance from Newport. The fate of her crew is unknown.

EMPEROR JOSEPH IN A DANGEROUS CONDITION

ZURICH, Jan. 25.—It is reliably reported in this city that Emperor Francis Joseph is stricken with a high fever. He is also suffering from a severe attack of bronchitis and his physicians fear complications. A strange feature of his sickness is the fact that the emperor seems possessed with the fear that he may die before the close of the war.

BIG BATTLE ON ISONZO FRONT.

ROME, Jan. 25.—Recent dispatches received here state that terrific fighting has been resumed along the Isonzo front from Tolmino to Monfalcone. A furious battle between the Austrian aeroplanes and an opposing fleet resulted in a decisive victory for the latter.

MACHINE GUNS CHECK FIERCE BERLIN RIOTS

PARIS, Jan. 25.—A remarkable dispatch received here this morning tells of bloody riots in Berlin which took place on January 12. It further states that the troops were forced to use machine guns against the citizens, resulting in an appalling death list. The dispatch was verified by a large party of Portuguese, who have just arrived from the German city. They further declared that furious mobs of men, women and even children surged through the principle streets, taking part in the rioting.

SULTAN'S YACHT TORPEDOED.

LONDON, Jan. 25.—A dispatch from Constantinople which reached here early today announces that a French submarine passing through the Dardanelles and the sea of Marmora, torpedoed the Turkish Sultan's private yacht. It is understood that the Sultan was not aboard.

**THE NEIGHBORHOOD CLUB
HELD ITS FIRST MEETING**
The Neighborhood club met with Miss Hazel C. Nelson at her parents' beautifully appointed home on North Ridgewood avenue, Monday evening. The club has been newly formed and Miss Nelson was the first hostess of a series of very pleasant auction bridge parties which are being planned by the eight young ladies who make up the club. Miss Aida Hayward, of Winthrop, Maine, a house guest of Mrs. M. L. Stanley, won the prize. Dainty refreshments were served.

AS YOU RUN

Really, now, are you not glad you are in Florida?

On arrival, tourists generally drop a line home and then a line to the fish.

By this time next year Volusia county will be a network of hard roads, unknown thought to those who travel by motor.

A city of harmony is a city of prosperity as a rule. Nothing will boost Volusia as will united action for the upbuilding of the city.

The weather on the East Coast of Florida thus far this winter has been ideal. It has been one of the "old fashioned" winters that early residents look for.

Tonight there will be one defeated aspirant for city commissioner of Daytona. Four will participate in the second elimination bout February 8. At that date there will be three commissioners and two defeated candidates.

SOME WEALTH—EVEN AS CROESUS.

"What is a billion dollars?" is the query the Jacksonville Metropolis puts. The easy. It is just \$99,999,999.65 more than our total wealth.—Morning News.

I never hope to see one;
But I can tell you right now

TELS IN STATE FILLING UP AND ROOMS RESERVED

TO ACCOMMODATE VISITORS WHO ARRIVE IN FLORIDA DAILY. — TRAINS LEAVING JACKSONVILLE CROWDED.

Hotels down the State are filling up to such an extent that reservations cannot be secured for prospective visitors. This is the gist of the reports from men who travel in Florida territory. During the past few months the trains from the East, West, and South have been arriving with extra equipment to accommodate the influx. It is said, and now the State is filling up wonderfully, with the exception of a few smaller hotels.

That the high class hotels are doing capacity business and even the traveling road men find it difficult to get accommodations at any of the good hostleries. Persons frequenting the railroad offices request representatives to get ho-

tel reservations for them, but it is generally admitted by the local officials that difficulty is experienced in getting what patrons want.

This condition is due to the fact that all space in the big hotels and those of the ordinary class has been reserved for patrons coming down soon or in the near future. It is possible to get accommodations for a time, it is said, that is, until those having the reservations arrive, but nothing permanent can be secured. In fact, it is necessary for wealthy people to stop at smaller hotels, which are enjoying a splendid business as a result.

Trains leaving Jacksonville for points in the southern part of the State are crowded, it is said, and all berths are taken. Sometimes it is necessary to add extra sleepers to accommodate the travel. Railroad officials estimate that the season will be short but extremely heavy. — Jacksonville Metropolis.

Beautiful Scenes Uplift.

A beautiful scene uplifts the spirit within us until it is strong enough to overlook the shadows of our place of probation; it breaks, link after link, the chain that binds us to materiality; and opens to our imagination a world of spiritual beauty and holiness.—Ruskin.

MEARS-WILLIAMS BOUT RESULTED IN A DRAW

The boxing bout last evening between "Battling" Mears and "Battling" Williams was one of the best that has been staged this season. In fact it was a "hum-dinger," if a newsboy's version of it may be taken.

Mears, hailing from Moultrie, Ga., and having fought in Jacksonville, mostly since his short career began, was on the defensive in the first two rounds only, seeming to want to get an eye on the method of delivery and strength of his more experienced opponent, Williams, of Philadelphia, and who is a more experienced fighter, and, too, having had quite a little success in his ring career.

Judging the scrap as to points it may be said that for the length of the fight and the aggressiveness of Mears throughout the entire ten rounds, he should have the edge of the bout, yet a point decision was not rendered by the referee.

The Philadelphia boy is a more scientific boxer, having had more experience than Mears and was in the game to the last bell, taking stiff, hard punches that ordinarily would mean knockouts.

Some "pick-up" in the phase of the bout was made by both men in the latter two rounds and the Georgia negro was apparently as fresh and aggressive as he had been throughout previous rounds.

Those who witnessed the scrap were delighted with the performance and were well pleased with the manner in which Referee Guy Hurd managed the ring.

An effort is being made to stage another bout in the near future and the promoters of the fight will promise something just as good or better when it is pulled off.

Frank Confession.

The long hair that some musicians wear is not always the result of an artistic temperament. We knew one who frankly confessed that he would rather spend 25 cents for beer than to throw the money away for a haircut.

Hog Contest.

Why doesn't some ingenious little promoter stage a heavy weight hog championship contest between the man who won't move up on the street car and the auto driver who thinks pedestrians shouldn't cross the street?

STILL THE MOTTOES CONTINUE TO COME

Interest is daily increasing in the "motto" contest whereby somebody will be awarded \$100.00 by the News for submitting the motto to be selected for Burgoyne casino.

Here is the latest batch:

"Daytona pleasure resort—
The gathering place for all people.
Music makes the heart light —
Welcome all nations."

"Give freely
One to another
That all
May enjoy the pleasures of life."

"No glory sought by the donor
Only a thought to please.
No lines drawn 'twist friends or foes
Everyone, feel at their ease."

"Sing and the hills will answer;
Sign: it is lost in the air.
The echoes bound to a joyful sound,
But shrink from voicing care."

"Here's to our Burgoyne casino,
Our band and Master Saracina;
May those unfurled flags forever wave
Many thanks to those who gave."

"There's the clock in yonder tower
Telling the time, striking the hour;
When Saracina's band will play
The Star-Spangled Banner every day."

"Come friends, let us meet together
here.
With tourists and strangers fill every seat;
That all may enjoy with hearty cheer,
Our city, our friendship, and music sweet."

**FORMER ATTORNEY
GENERAL CONDEMNS
MILITARY METHODS**GEO. W. WICKERSHAM MADE ELO-
QUENT APPEAL AT WASHING-
TON LAST NIGHT FOR GREATER
PREPAREDNESS.

WASHINGTON, Jan. 25.—Geo. W. Wickersham, ex-attorney general, strongly condemned past and present American military methods in an eloquent appeal for preparedness before the National Security congress here Saturday.

The bounties in land and money paid volunteers for enlisting, and the pension system which fastens on the nation a burden of \$160,000,000 a year fifty years after the close of our last great war, form a dark page of our history, he said.

Yet these are the inevitable product of our popular theory (and that of the English) that military service is not a duty. Military service is a duty, legally and morally, Mr. Wickersham showed.

While admitting that universal conscription cannot now be brought about, Mr. Wickersham said this fact only throws into deeper relief the pitifulness of our present position and is an added argument for the modest administration defense program. Dwelling on our present helplessness, he said:

"We know, for example, that our army today is nearly 8,000 below its present authorized strength. We know that our navy is short by nearly 6,000 men of its present authorized strength. We know that there is a serious deficiency in ammunition for our coast defenses. We know that we lack for our battle cruisers, scout cruisers, aeroplanes and armed airships, that our submarine fleet is in a critical condition.

"We are told that the coast fortifications in the United States, firing at the limit of their capacity, would expend every bit of ammunition they possess within 45 minutes; that at Panama, one hour and 45 minutes would exhaust the last round of ammunition, if the guns were fired at their maximum rate, and that there exist no defenses against a land attack upon the canal works by a hostile force disembarking on the Pacific side at a point about 60 miles south of Panama and advancing along the plateau.

"We undertook 18 years ago a great responsibility in the Philippine Islands which we must say, may not, run away from, however much our people would like to. We occupy a strategic point in the Pacific ocean in the possession of the Hawaiian group of islands. Its maintenance is essential to our national welfare. Its loss would mean such destruction of national prestige that its effect upon our national welfare is scarcely conceivable.

"We occupy a strategic point in the world's commercial routes in the possession of the Panama canal. Neither Panama nor Hawaii is properly and safely garrisoned against possible or even probable attack. The general staff of the United States army tells us, with the authority of the secretary of war, that a force of about 25,000 men is essential to the protection of the fortifications of the Island of Cuba; we have some 9,000 men there; that 24,000 men are essential to the protection of the Panama canal, and we have about 6,000 men there.

"With a population of 100,000,000 souls in continental United States, we today have a regular army which numbers only about 90,000 officers and men actually under arms, and of this not more than one-half are on the American continent. The police forces of 13 cities of the United States, with a total population slightly under 15,000,000, aggregate upwards of 31,000 officers and men—a number as large, if not larger, than the actual personnel of the regular army employed at present on the American continent.

"The condition of our coast defenses has been sharply put before us by the report of the chief of that service, and we are told that artillery costing upwards of \$41,000,000 is without a man to protect it; that the old system of relying upon the states for voluntary military support, under the act of congress, which provides that one-half of the coast artillery shall be furnished by the states, has failed, as it always has failed through our history, to provide us with anything like the stipulated quota of men.

"That law should be repealed, and that other enactment of congressional folly, approved May 27, 1908, which provides that the organized militia

shall be called into the service of the United States in advance of any volunteer force which it may be necessary to raise, should also be repealed without delay. Our military experts—not the alarmists, but the careful students of the war college division of the general staff—in a report published under the sanction of the secretary of war show that under modern conditions a hostile military force of nearly 400,000 men could be landed on the Atlantic coast within fifteen days from the dates of embarkation, and upwards of 400,000 more men within 30 days thereafter, and they say:

"Without superiority on the sea and an adequate land force there is nothing to prevent any hostile power or coalition of powers from landing on our shores such part of its trained and disciplined troops as its available transports can carry."

"Is it reasonable, in the light of recent history, in view of the countless complications which have already compelled our government to make strong representations and claims to the present belligerent powers for the protection of neutral rights and the assertion of international obligations,

to assume that we may forever escape the hazards of conflict with other nations? The condition of affairs in Mexico is even now the subject of grave concern, and while all thoughtful men earnestly hope we may avoid the necessity of intervening with armed force in that unhappy country, yet every candid mind must admit the grave possibility that our duty to humanity and civilization may require it, and common prudence dictates that we should now prepare for that contingency."

Like Sensations.

If a man experiences a twinge when his wife produces a hairpin for the purpose of extracting a cork from a bottle, she has just about the same feeling when he attempts to use a needle and thread without a thimble.

The Test.

Life is a thing given us for a few years. Its only value lies in the use we make of it. Lose it we must, and very soon. But honor and duty are for all time. Why do we see a 'soldier's monument' in nearly every town of every state which fought for the Union? Not because these men lived, but because they died.—Agnes Repplier, in the Atlantic.

**SACRED CONCERT
ATTRACTS MANY**

HOTEL ORMOND, Ormond Beach, Fla., Jan. 24.—The Sunday Night Sacred concert at the Ormond Sunday night attracted quite a number of listeners from the neighboring cottages and also from Ormond village. The selections were very happily chosen, and the Cello solos were remarkably well rendered. "Ave Maria" and "A Perfect Day" received the tribute of absolute silence. Mr. Roentgen's solo, "En Sourdine," was beautifully played. "Pagliacci" and the overture to "Wilhelm Tell" were also warmly applauded.

Keeping Compressed Yeast Cake.
A compressed yeast cake will keep fresh a week if it be buried in salt with the tin foil removed.**Her Suggestion.**

"Sometimes I think," remarked the timid young man in the parlor scene, "that if I—er—had money I would—er—get married." "Well," suggested the dear girl who was occupying the other end of the sofa, "why don't you try and—er—borrow some?"

**THIS PRESS AGENT
IS A REAL NOVELTY**

Edward M. Beck, business manager of the all Star Bohemian Girl revival, which comes to the New Daytona theatre Wednesday evening, is a model of brevity.

Mr. Beck, when in town completing arrangements for the coming of his company, asked the editor of the News if he wanted an announcement regarding the engagement. "Yes," said the editor, "but I am crowded for space today, so make it short."

Three minutes at the typewriter, and this is what he got:

Bohemian Girl coming, New Daytona theatre Wednesday, original all Star revival, same cast and chorus as in famous New York and Chicago run. First time on tour, particulars later, space up, so long.

Some Corroboration.
The theory of an eminent scientist is that the human family is descended from bullfrogs, and it seems to be supported by the fact that some men are known to be incessant croakers.

DISTINGUISHED MAN TO SPEAK AT M. E. CHURCH NEXT SUN.

REVEREND JOHN KRANTZ FROM
NEW YORK WILL GIVE AD-
DRESSES AT THE DAYTONA
BEACH CHURCH.

On January 30, the Sunday morning and evening services at the Daytona Beach Methodist church will be made most attractive by the presence of one of the greatest of this country's ministers, Rev. John Krantz, D. D., of New York City.

"There is not a pulpit orator in America," said the residing pastor, Rev. John Treadwell, "whose utterances are more fascinating or unique. He holds the audience breathless throughout his entire sermon. They are in tears one moment and laughing the next."

In the opinion of Superintendent of the Methodist Sunday School R. C. Waterson, "it was worth all expenses of the St. Augustine conference to have heard Dr. Krantz."

If such reports are true, Daytona Beach is more than lucky to have such a distinguished speaker.

DAYTONA BEACH LOCALS

Miss Marion Knight, of Daytona Beach, sang several solos at the Prince George in Daytona Sunday evening.

Mrs. Wallace Walker will entertain next Tuesday the Ladies' Aid of the Seabreeze Baptist church at her home on Palmetto street.

Mrs. Cecil Vining gave a crab supper to a number of her neighbors and friends Monday evening. The time was pleasant for those in attendance.

R. Durnil, of Paris, Ill., arrived from his Northern home Sunday to spend the remainder of the winter here. Mr. Durnil is enjoying his first winter in Daytona Beach.

Messrs. Ed Cordiss and Ray Selden will leave for DeLand Thursday to attend the Volusia county fair. They intend to spend the entire week-end at the county seat.

Mr. and Mrs. William Goldenberg leave Thursday on an auto trip to Huntington, where they will visit friends. On their return they will attend the Volusia county fair.

T. Jones, who has had charge of Keating's casino for the last summer, has accepted a position as drug clerk in the Atlantic Pharmacy, where he was formerly employed.

Mr. and Mrs. A. Ramp and daughter, Miss Florence, of Knoxville, Ill., have recently arrived and have taken apartments in the Atlantic house on Grandview avenue for the remainder of the winter.

The Ladies' Aid of the Daytona Beach Methodist church will meet this afternoon at the church building on the corner of Seabreeze avenue and Peninsula drive. All members are urged to be present.

Messrs. Duncan and Whittaker and D. LaRoche, who are enjoying an auto trip to Cocoa, are expected to arrive on their return Friday. Next Monday they will leave for a cruise on the East Coast waters as far south as Miami.

Mrs. Geo. Swart entertained the Larkin club, of which she is a member, at her home on Peninsula drive Monday evening. The hours were spent in unpacking the Larkin premiums and in pleasant visiting. Sandwiches and hot coffee were served by the hostess. The club is to meet with Mrs. Robert Clark as soon as the arrival of the new articles.

ASSIST THE LOCAL FIRE DEPARTMENT

If you want to have a good jolly time (according to the members of the Daytona Beach fire department) attend the combined card party and dance at the Daytona Beach hotel next Thursday night at 7:30.

This affair will be held for the benefit of the department which protects the homes of Daytona Beach residents and which is sadly in need of money at the present. The insignificant price of 25 cents will be charged for the evening of enjoyment and filling refreshments will be served by the hotel management.

Prizes will be awarded to the best players making the highest scores, whether at pinochle or bridge. The

department, as well as the management of the hotel, issues a hearty invitation to everyone and his brother to attend.

GIRLS TAKE NOTICE, HERE'S YOUR CHANCE!

In behalf of the maiden ladies who have been looking under their beds in the hopes of discovering a man for the last ten years, as well as the younger generation, the management of the Neutilus casino proposes to hold a leap year dance on next Thursday evening.

The music furnished by Cap's orchestra will be of the entrancing kind necessary for the complete hypnotizing of the men.

Dancing will begin at 8:00 o'clock and the street car is to leave the ca-

sino every half hour. Arrangements may be made with the local pastors for the resulting ceremonies.

TOURIST UNION CHURCH WILL LOSE ITS PASTOR

On the first of February, Rev. Elmer Willis Serl, of the Tourist Union church of Seabreeze, will leave for his new charge in Black Springs, Wis. Mr. Serl will be very greatly missed by the members of the local church but all are pleased to know of his advancement in his ministerial work. Mrs. Serl and son, Meredith, will

remain in Seabreeze until the expiration of the present school term, when they will go West to their new Wisconsin home and join Rev. Mr. Serl.

TENNIS GAMES ENJOYED BY FRIENDS OF R. S. HOLMES

Many of the friends of R. S. Holmes have the pleasure of playing many interesting and hard-fought sets of tennis on the fine court in the rear of the Holmes' residence on Halifax avenue. Every pleasant day sees a number of the lovers of the game hard at play.

HEAVIEST VOTE IN DAYTONA'S HISTORY BEING CAST TODAY

FOUR CANDIDATES WILL BE NOMINATED IN TODAY'S PRIMARY.

THREE TO BE ELECTED COMMISSIONERS.

To determine the four candidates to be nominated as aspirants for the offices of city commissioners at the election to be held February 8, the heaviest vote in the history of Daytona is being polled in today's primary.

There are five candidates before the people today: Col. C. M. Bingham, A. McF. Porter, Lew Smith, Geo. A. Main and A. M. Wing. The four out of the five receiving the highest number of votes today will have their names placed on the ballot in the election to be held next month, at which time three commissioners will be elected for a term of three years.

The campaign has been the most strenuous on the part of Wing and Main, who have campaigned night and day during the past few weeks. Mr. Smith, who is unopposed, has done but little campaigning, and Col. Bingham and A. McF. Porter have done none at all.

Those who are said to be conversant with city politics claim a decided victory for Bingham and Porter, with Smith sure of nomination. It is likely that Wing will be the fourth candidate nominated today, with Main relegated to the "also rans."

LANGFORD AND OTHER BIG SCRAPPERS MAY COME TO DAYTONA

C. P. Miller is in receipt of a letter from Joe Woodman, Sam Langford's manager, stating that he will be glad to arrange a bout between the Boston "Tar Baby" and "Battling" Mears in Daytona any time after February 10, when Langford boxes Wills at New Orleans.

Woodman says he can send "Porky" Flynn, a white boxer of considerable note, who will meet Fred Fulton at New Orleans on January 28, to Daytona any time after that date, providing a good, big white man can be secured to meet him.

TOURISTS' CLUB.

The Tourists' club of St. Paul's church met at the parochial house Monday afternoon and played bridge. There were a great many ladies present, and a most delightful afternoon was enjoyed. The club meets every Monday afternoon in the parochial house on South Palmetto avenue, and is the source of much pleasure to the many tourists, who would otherwise never become familiar with the hospitality of the prominent ladies of the church, while the small fee which is asked of each guest helps to defray the church expenses.

The prizes were awarded to Mrs. A. G. Hunt, who received the first prize, and to Mrs. James T. Nelson, who received second prize.

Since Eve's Time.

A woman can say "dear" to another woman and make it sound like "I'm a liar."

And They Get Them.

Enough bananas were imported into the United States last year to furnish peeling sufficient to give the people 100 slides per capita.—Exchange.

The Man Who Dreams.

A noted man once said: "The man with imagination rules the earth." The man who dreams and imagines the highest ideals and then strives and does attain them—that is the man who is master of his life.

The Bilious Optimist.

When a man with noticeable bilious eyes and liver spots on the projections of his face "lays himself out" to talk optimism to us, something seems to whisper to us that he is bluffing himself (or us) for some little purpose of his own. Because when a bilious person talks optimism, his conversation suggests a supercrescence of expository motivation, so to speak.—Milwaukee Sentinel.

Success.

The Greeks had a foot race in which speed and endurance were not the only tests. Each man at the start was given a lighted torch, and the laurel wreath was for the one who came in first, "with his torch alight." Success in life is not merely reaching the goal, but more important still, in keeping the light of God burning in our hurrying souls.—Exchange.

WHILE CITIZENS VOTE FRAMALIN SLUMBERS PEACEFULLY ON BAR

The yacht Framalin, a cruising houseboat of comfortable proportions owned by James Laughlin, 3rd, of Orlando, which has been lying at the club dock for some weeks, left her mooring yesterday about noon and stuck her nose high and dry on an oyster bar.

Of course she didn't mean to stick her nose on an oyster bar, but Daytona is singularly free from any other kind. She was soberly forging her way toward Root's ship yard when, like many others, who soberly forge their way, she got side-tracked.

Observation shows the populace this morning that the good ship Framalin must have spent the night on the bar, because she is still resting there. It will take an uncommon amount of water, not, however, necessarily iced, to set her in motion again.

It is hard to understand her trans-

gression, for Orlando, from which city her owner hails, is as dry as Daytona and doesn't even boast an oyster bar, but that is neither here nor there.

For the sake of this city's reputation the authorities should undertake to remove her from her present resting place at once. To allow a prominent member of marine society to spend election day on a bar is an insult to the self-respect of every citizen who objects to free booze and machine politics.

GERMAN SOLDIERS START SCHOOLS FOR POLISH CHILDREN

BERLIN, Jan. 25.—Lieutenant Heilwig, who was a school teacher in Nassau before the war broke out, writes to the Allgemeines Schulblatt, an educational monthly published at Wiesbaden:

"We are stationed in a small town east of Warsaw and have very little to do, as we are far behind our front.

Recently I received orders to organize a school for the children of the town. After several conferences with the local authorities I started my work, using the vacant residence of a wealthy lumber dealer who had fled to the interior of Russia, for a schoolhouse. In a storage house I found a number of benches, which formerly had done duty in a Jewish private school, and I also procured a blackboard and a few other necessary things.

"The children of the town, most of whom had never been inside of a school house, were notified by the police that they would have to present themselves for instruction. About 200 boys and girls between the ages of six and fourteen years appeared and they were a sorry looking lot.

"With dirty faces and unkempt hair the boys noisily rushed into my improvised hall of learning. Most of them wore fur caps that had been left behind by Cossacks and their principal garments were large fur coats.

"Although the ground was frozen many of the boys wore no shoes, while the footwear of the others consisted of old knee boots that once belonged to father or mother.

"The girls, at least a few of them,

were not quite so dirty. Some even had combed their hair, but their dress consisted of all kinds of old, cast-off garments of adults and only a few wore stockings. Only the Jewish girls were really tidy and their intelligent faces and neat appearance distinguished them favorably from the rest of the crowd.

"With the results obtained so far I am more than satisfied. The Jewish children are model pupils and make astonishing progress. Many of the Polish and Russian boys are also beginning to show great interest in their studies and they are now learning to keep themselves clean. Not one of them comes to school unwashed or unkempt, and all are very much attached to their teacher. By next summer I hope to have an excellent school, if I am not ordered to the front again."

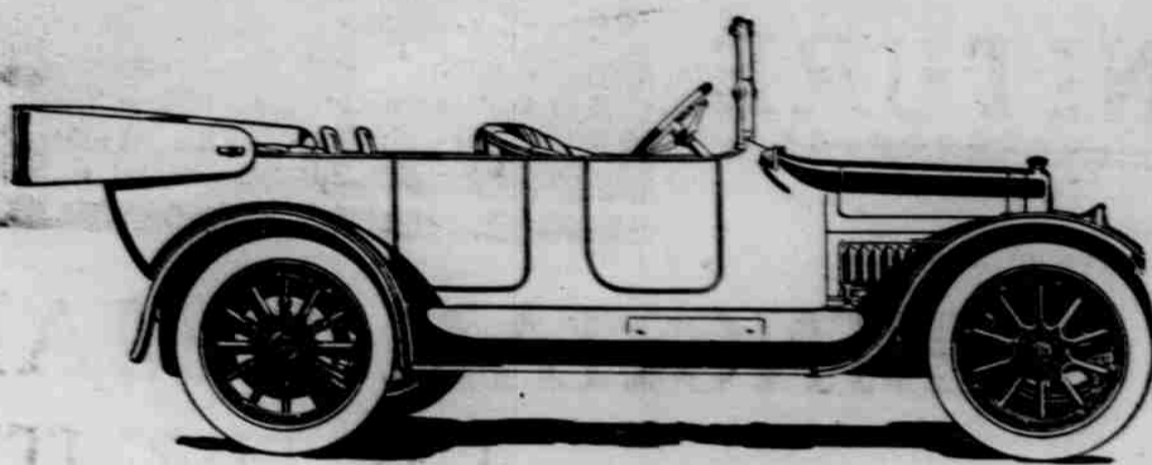

Wasted Her Breath.

Paul had taken off his shoes and one still remained in the middle of the floor. Little Ruth came running in and accidentally stepped on it. "Oh, excuse me," she exclaimed, and she turned and saw no one except an old shoe. Angry, she said: "Why, you ain't no one, and I wasted my breath all for nothing."

WEATHER

The weather man has bad news for us. He wires us from his place in Florida to expect sunshine and warm days. Now, all Daytona understands that according to his own creed of prevarication this weather may be translated like this: "No rain today; some more rain tomorrow, and still some more rain tomorrow, with a sudden and heart-breaking drop in temperature." The public take courage, however, for the greatest liars must necessarily occasionally speak the truth, and some sage once said that the greatest lie is the greatest truth from a liar's lips. Some believe that statement the weather is worth repeating that the weather predicts a lot of loose sunshine and pleasant days for the state. Others will probably blow moderate winds from the northeast quarter.

HEARD ON THE STREETS

Mr. and Mrs. Joseph H. Brown, of Brookline, Mass., are spending a few weeks with Miss Harriet Brown at her home on South Palmetto avenue.

W. L. Bowler, regular winter visitor and season guest this winter at the Islington on South Ridgewood avenue, left this morning on a business trip to Cleveland, Ohio, his home city, but will shortly rejoin Mrs. Bowler at the Islington.

The Pope-Toledo delivery truck of the Texas company was temporarily put out of commission yesterday and C. A. Gontz, who was driving at the time, had a narrow escape from injury when the steering gear gave way and the truck collided with an oak tree on South Ridgewood avenue, between Orange and Live Oak avenues. Fortunately, Mr. Gontz was driving very slowly at the time.

*Wanted—Competent second maid. Only white need apply. No. 30 Magnolia avenue. 46-2t

Mr. and Mrs. F. J. Weber, accompanied by Mrs. Peter Will, Mrs. Weber's mother, all from Buffalo, N. Y., have returned to Daytona for the season and are occupying one of the G. B. Seaman apartments at 526 South Ridgewood avenue. Mr. Weber is fond of fishing and says he is very glad to again be in the "Prettiest Winter Resort in the World."

Mr. and Mrs. F. C. Gardner, who own residence property on South Ridgewood avenue and have many friends in Daytona and vicinity, are guests at the Seville hotel for a few days while preparing their house for season rental. Mr. and Mrs. Gardner are from Fargo, N. D., and are now spending the winters at Lake Alford, where Mr. Gardner has large real estate interests. They motored over from that place to Daytona in their car last Saturday.

C. H. Gotwalt, of Williamsville, N. Y., regular season guest at the New Gables hotel, and E. L. Mersereau, of Ridgewood, N. J., also a season guest at that house, left Monday afternoon for a short visit to St. Petersburg,

where Mr. Gotwalt has a brother. They expect to return Friday. Mr. Gotwalt pays a few days' visit to St. Petersburg each season and says his brother tries to persuade him to make that city his winter headquarters, but he greatly prefers Daytona.

C. N. Pence, who accompanied his son, H. E. Pence, and party on a cruise to Port Sewell on board the Aline, H. E. Pence's handsome houseboat, left the boat on the return trip at Cocoa and returned by train to Daytona. Mr. Pence met with a pleasant surprise on his return in finding that Mrs. Charles Taylor, of Cincinnati, Ohio, had arrived during his absence to spend the remainder of the season. Mr. and Mrs. Taylor were here for several weeks last spring with Mr. Pence at his winter home on South Palmetto avenue.

J. G. Brown reports the rainfall of Sunday to have been .52 inches and that of Monday .02 inches.

Mr. and Mrs. T. F. Williams returned Sunday from an automobile trip of ten days to points on the Gulf coast and are again at their apartments in the Williams hotel.

Thos. H. Ferguson was sufficiently improved to be able to be moved Sunday from Dr. Bohannon's hospital to his home on First avenue and is reported to be doing very nicely.

Rev. Holmes S. Rightmire, who is conducting a series of revivals at Grace Baptist church in Jacksonville, came down from that city today to cast his vote in the primary election for city commissioners.

G. M. Sumner, who was injured last Friday in a fall from his bicycle in collision with an automobile driven by Dr. E. C. Atwood, and has been in a serious condition from internal injuries received at that time, is resting more comfortably today. Mr. Sumner says that the account of the accident leaves the impression that he ran against the automobile or that the side of the car brushed against him, while he distinctly remembers that the fender of the car struck his wheel from the rear.

PALMETTO CLUB NOTES.

The civic department of the Palmetto club met in the clubhouse Tuesday morning with Mrs. Henry Mitchell chairman, Miss Edith Newell secretary and Mrs. R. S. Maley treasurer, in charge of the affairs of the department. Arrangements are under way for a Dickens carnival which is to take place in the near future, the exact date to be announced later.

Thursday, January 27 will be "Literature Day" at the club. The hostesses will be Mrs. Arthur H. Carter and Mrs. James H. Niver. A letter from the Philippines will be read by Mrs. Gardner, chairman of the literary department, and another treatise on Philippine life by Mrs. Graham Thompson. Personal reminiscences will be given by Miss Susan P. Gladwin, A. B. X., Rollins College of Music. A real treat is in store for the ladies who attend this finely arranged "Literature Day."

MRS. M. MULLETT DIES IN LANSING, MICHIGAN

Miss Lizzie Gardiner is in receipt of word from Miss Martha Mullett conveying information of the death in Lansing, Mich., January 21, of Miss Mullett's mother, Mrs. M. Mullett, following a short illness with grippe. Miss Mullett has a winter home in Seabreeze, but had remained North this winter on account of the feeble condition of her uncle, M. Mullett. Miss Mullett has many friends in the peninsula towns and this city whose sympathy will be extended to her in her bereavement.

COMMISSIONER HODGES' BOAT DOCKS AT CLUB

The Seafoam, Shellfish Commissioner Hodges' official boat, arrived in port about noon today. She left Commissioner Hodges at St. Augustine, where he took the train for some point on the West Coast of the state.

Captain A. L. Lind says that the commissioner will probably wire him in the course of the next two weeks at what town to meet him. He has lately cruised to Jacksonville and up the St. Johns river on official business.

The Seafoam will remain in Daytona while Mr. Hodges is absent.

SCHOOL NOTES.

Commodore Burgoyne has notified Professor Marks that he has arranged for a matinee to be given of "Pinafore," which is coming to the New Daytona theater on Friday, February 11. By this means, which is just one more of Mr. Burgoyne's many thoughtful and kindly acts, all of the children, both large and small, who might otherwise be denied the pleasure of the very tuneful production, will have an opportunity to see the performance. The whole school, both teachers and pupils, will attend in a body. No doubt every child's heart will be glad at being given the pleasure of this old-time, yet always new, comic opera, and they, one and all, look upon Commodore Burgoyne as their "Father Bountiful," and love him, too.

The mid-term examination began today at the school, and all the pupils are busy at their tests.

All the exhibits which have been sent from the school have been arranged for display at the county fair at DeLand, and it is a noteworthy fact that there are some very fine pieces of work among the number.

LADY LAYS SONNET AT FEET OF COMMODORE

The following appreciative letter was received today by Commodore Burgoyne, one of the numerous expressions received by him almost daily:

"Daytona, Jan. 24, 1915.
"My dear Mr. Burgoyne:
"I have often wished to thank you for all the beautiful things you have done, and are continually doing, for Daytona and for the school children, and feel that I would like to express my appreciation for the delightful daily band concerts you have given us.

"Here is a little rosebud of a verse to throw at your feet in lieu of a bouquet:

"We may chisel a Minerva,
We may paint the best Millais,
We may write the finest poem,
We may sing the sweetest lay,
We may own the richest treasure,
We may have the keenest mind,
But there's naught in all the wide world
Like the art of being kind.

As dew upon the flower;
It is a morning star—
An evening hymn—a dream of heaven."

Something New in Novels.
"I have an idea for a novel," said Mr. Penwiggie. "What is it?" "A very large volume thickly upholstered. When you get sleepy after reading a few pages you can use it for a sofa pillow."

Lamps of Ancient Times.
The most primitive lamps were probably the skulls of animals in which fat was burned, while certain shells were also employed for this purpose. COMMISSIONERS MUST GIVE \$10,000.00 BONDS

CHARTER BOARD ELECTION VALID

SCHOLTZ PLANT TO FURNISH CURRENT FOR STANDARDS ON BURGOYNE ESPLANADE FOR NEXT THREE YEARS.

The council of the city of Daytona at its meeting Monday night adopted a resolution that the three commissioners to be nominated today and to be elected February 8, must each give an acceptable bond in the sum of \$10,000.00.

Alderman E. T. Conrad brought the

matter of the bonds to be entered into by the new commissioners before the council, declaring that the new charter says that the commissioners must give a good and sufficient bond, and that the present council must hold over until the new commissioners qualify. Alderman Conrad added that they (the commissioners) cannot qualify until they give the bond. A general discussion of the matter was then entered into by the various members of the council, in which Mayor Titus joined, and City Attorney Oates read various sections from the new charter governing this point, and advised that section 13 of the said charter

provided that the existing city council shall continue in office until the commissioners have been elected and qualified. The discussion terminated in a motion being made by Alderman Mills, seconded by H. E. Burdick, that the bonds of the new commissioners be \$10,000.00, and it was unanimously carried.

General routine matters were taken up when the council was called to order by President Schmidt—the minutes of the last meeting being read and approved and the following reports read and accepted: Sanitary inspector, tax collector, board of public works.

A letter was read from Landis, Fish & Hull, addressed to City Attorney E. F. Oates dated January 19th, advising as to the charter board election, which letter reads: "We have carefully gone over the statute regarding the commission form of government for Daytona as well as the Farris Act, and beg to advise you that, in our opinion, the Charter Board election would not be rendered invalid because of the fact that matters which have transpired since the election was called prevent there being a general city election on February 9th. We think the two acts should be construed together and both given effect." The council ordered this opinion filed.

A proposed contract between the city of Daytona and the Daytona Electric Light and Power company for the furnishing of current for the thirty-three standards on Esplanade Burgoyne at \$64.22 per standard per annum until April 24, 1918, was read and approved and ordered entered into.

Commodore Burgoyne was authorized to hire a janitor for the Burgoyne Casino at the expense of the city and was also authorized to make such arrangements as he thought expedient for the parking of automobiles at this point.

The council adjourned until tonight at 8:00 o'clock for the purpose of receiving the returns of today's election.

STEAMER M'NEILL STILL FAST ON SAND

Geo. F. Crouch, local agent for the Howard Transportation company, accompanied by Frank D. Spring, motored to Ponce Park Monday evening and visited the company's stranded boat, the McNeill. Members of the crew were making preparations to attempt to float the boat off the bar at high tide, but Mr. Crouch says he has grave doubts as to their being able to keep the McNeill afloat if they succeeded in getting her into the water, her hull having been so badly strained. Both Mr. Crouch and Mr. Spring say that where there was a foot of water around the McNeill on their previous visit there is now three feet of sand.

WILFREDA HAULED OUT AT M'DONALD'S YARD

The speed yacht Wilfreda, one of the prettiest cruisers of the Florida East Coast, built on the lines of a torpedo boat destroyer and capable of developing a speed of 23 miles per hour, moved her berth yesterday from the club dock to McDonald's ship yard where she was hauled out.

She will receive several coats of copper on her under body and get a general light overhauling before leaving for Miami and Palm Beach. If everything goes well and the weather man does not frown too heavily upon Daytona, the Wilfreda may slide from the ways late this afternoon or tomorrow morning.

She is owned by James M. Rutherford, a member of the New York

Yacht club and a resident of Manhattan. She arrived here on December 5. Her 150-horse-power Sterling motor drives the slim black hull like a knife through the water and "salts" throughout the land look upon her as a mighty attractive proposition.

Literary Impression.

Mean Brute!
"A woman can't be in two places at
the same time," snapped Mrs. Gabb.
"She can't, eh?" growled Mr. Gabb. "I
notice that she can be in the house
and out of it at the same time when
certain people that she doesn't like
ring the doorbell and try to call on
her."

OHIO DAY AT NAUTILUS
CASINO, FEBRUARY 1

PRESIDENT OF OHIO SOCIETY
URGES ALL BUCKEYES TO AT-
TEND ANNUAL MEETING AT
NAUTILUS CASINO FEB. 1.

The Ohio tourists cannot afford to
miss the annual meeting of Ohioans
at the Nautilus casino on February 1,
when a fine entertainment will be
provided for all.

There will be an address by E. M.
Condit, ex-president of the Daytona
Ohio society, who was born and raised
in Delaware county, Ohio, and after
a noted career located in Daytona.
The society will also be blessed with
an address by the brilliant silver-
tongued Christian orator from Cincin-
nati, Rev. Dr. Charles Frederick Goss.
An address will also be made by Rev.
H. W. Hodge, pastor of the First M.
E. church of Daytona, who was raised
in southern Ohio and graduated from
Wesleyan university. Rev. Wm. J.
Drew, minister of the Congregational
church and a graduate of the Presby-
terian theological seminary at Xenia,
Ohio, will be one of the speakers and
the president of the society will make
a short speech.

Let all the Ohio people possible be
present on this occasion, take part
in the exercises and get acquainted.
An important feature of the meet-
ing will be the annual election of of-
ficers for the year.

Many Ohio people have been com-
ing to Daytona for years yet they for-
get it is an Ohio town located in
Florida.

In 1870 Prof. Mathias Day, of Ober-
lin, Ohio, founded Daytona. He called
the place Tomoka, but after his death
the name was changed to Daytona in
honor of its founder.

There are hundreds of people who
should get away from the cold and
severe winters of the North, and while
there are many beautiful places all
over Florida with open arms to wel-
come them, not one equals Daytona.
The scenery and drives, the boating
and fishing, the society, schools and
churches, are all part of the wonderful
advantages offered by Daytona. Let
every Ohioan be a Caleb and a Joshua
to carry the news back to the Pilgrims
in Ohio and other Northern states of
these advantages of the beautiful city,
telling them of the fine roads for
driving and auto riding; the reason-

able price for rooms, cottages, bungalows
and hotel living which is about
the same as in the North.

This year, so far, Daytona has had
62 days of sunshine and only a few
days of cloudy weather and showery
days. Daytona "suits us."

S. W. FOWLER,
President of Ohio Society.

YACHT LOUNGE SAILS
FOR SOUTHERN PORTS

The cruising yacht Lounge, hailing
from Ocean City, N. J., which arrived
at the club dock on Friday, January
14, dropped down the river this morn-
ing on the favorable tide, bound for
Miami and points south. She is 47
feet over all with ample cabin room
and shoal draft. A 25-horse-power,
heavy duty Standard motor drives her
a little better than eight miles per
hour.

She is owned by H. W. Allen, who
expects to spend at least two more
months cruising among the Florida
keys and along the extension railway
perhaps as far as the "island city."
Her party consists of Mr. and Mrs. Al-
len, and Mrs. Simons.

Captain H. Sutton is in charge of
the pleasure craft and L. F. Martin
holds the berth of chief engineer.

Quite Useless.

Pastor (from the pulpit)—The col-
lection which we took up today is for
the savages of Africa. The trouser
buttons which some of the brethren
have dropped in the plate are conse-
quently useless.

On the Safe Side.

"Why are you so anxious to be
friendly with old Smuthe?" we ask
our acquaintance. "Even if he were
your friend he wouldn't do anything
for you." "I know that," replied our
acquaintance, who occasionally ties
up his money in stocks. "What I
want to do is to have him so friendly
with me that he won't do anything to
me."

"Bankrupt."

The discussion on the etymology of
the word "bank" in Mr. Justice
Darling's court might have been car-
ried a step further by the illustration
of our term "bankrupt," says a Lon-
don paper. The old Venetian money-
changers and lenders carried on their
business at a stand or bench (banca),
and when one was unable to meet his
obligations his "banca" was broken
(rupta).

"HER SHADOWED IDOL"
ARCADE ATTRACTION

At the Arcade theater today will be
shown "Her Shattered Idol."

A brief synopsis of the play follows.

One day when the boy and the girl
are out riding, the shoe of one of the
horses becomes loosened. The boy
vainly endeavors to remove it, where-
upon they repair to a blacksmith shop.
The blacksmith—a man of enormous
strength—quickly jerks off the shoe.
That night the girl dreams that she
is a cave woman and is rescued from
deadly peril by a mighty cave man,
who is none other than the black-
smith. The next day she again meets
the hero of her dream. Later, she
breaks her engagement with the boy,
and is about to elope with the black-
smith when the girl's uncle, who
knows woman's ways better than most
men, decides upon a plan to cure the
girl of her infatuation. So he invites
the blacksmith to his house, and the
smith's manners so disgust the girl
that her affection gradually wanes,
and she decides to marry the boy.
When the ceremony is about to take
place, the blacksmith attempts to run
away with the bride, but is caught in
the quicksand. The boy arrives upon
the scene in time to save them both,
and the marriage of the boy and the
girl follows.

If you read it in the Daily News it
is pretty apt to be just that way.

CEDAR RAPIDS PARTY
VISITED THIS CITY

Mr. and Mrs. Fred A. Allen, of Ce-
dar Rapids, Iowa, who own a winter
home on South Palmetto avenue, were
at the railway depot Monday after-
noon to bid good bye to a party of
their friends and townspeople who had
been visiting here and were leaving
for points further south with the
promise of coming to Daytona again
before returning to Cedar Rapids. Mr.
and Mrs. Ed Hall, who had been here
for a week past, part of the time with
Mr. and Mrs. Allen, were on their way
to Havana, Cuba; Mr. and Mrs. Geo.
T. Hedges, who had been in the city
for a couple of days, were going to
Miami, while Mr. and Mrs. Joseph Er-
vin and daughter, Miss Nellie Ervin,
who had been at Daytona Beach for
a few days, expected to stop at Palm
Beach and Miami on their way to
Cuba. Mr. Hedges is a prominent
real estate dealer of Cedar Rapids
and Mr. Ervin is proprietor of the
largest steam laundry and dry clean-
ing establishment in Iowa.

The Acme of Consideration.

"I shall never find another man like
George was," moans the lady in heavy
black. The friend beside her pats
her arm soothingly. "He never gave
me a harsh word," continues the dis-
consolate one. "Why, there were many
times when he spoke to me in kinder
tones than he used to the cook—and
you know how much we were afraid
she would get angry and quit."

A NEW ELECTRIC SIGN

AT MILLS RESTAURANT

A new and attractive electric sign six feet long and 19 inches wide has been erected in front of Mills' cafe. The lettering in incandescent lamps is arranged on both sides of the sign and flashes on and off at regular intervals calling hungry wanderers to "eat."

He Knew That Story.

The old soldier was again giving the youngsters accounts of the wonders he had experienced, especially in the way of climate. Said he: "I remember when we were in Fysardum we used to toast our bread in the sun, and—" Youngster (interrupting): "Yes, I know; and you were supplied with corkscrews to draw your breath!"

Supreme Self-Deception.

In all the mighty domain of self-deception there is nothing quite equal to the wistful self-kidding of the man who, after his medical man has told him that 20 drinks of whisky a day have all but ruined his kidneys, switches to 20 drinks of gin per diem because "he's been told" (says he) that "gin is good for the kidneys."—Milwaukee Sentinel.

Wanted It Understood.

With no uncertain tongue the commercial traveler was praising his wares. "They're the finest things out," he assured the manager of the works. "Why, sir, if you have one of our machines it will pay for itself in less than six months." "You guarantee that?" asked the manager, who was tired of his visitor's eloquence. "Certainly," replied the traveler, eagerly. "Then, if they pay for themselves, you can send me half a dozen," bargained the manager. "But if they don't I can't pay for 'em."

PLEASANTLY ENTERTAINED AT THEATER PARTY AND DINNER

Mrs. James A. Bryden delightfully entertained a few of her friends Monday in a charming manner. The afternoon was pleasantly spent at the Crystal theater, and a dinner party was given in the evening at the Magnolia hotel. Those present were Mesdames E. W. Wood, T. C. Turner, I. F. Wells and Misses Margaret Wells and Emma Cory. After a short musicale, which was thoroughly enjoyed by all, the party dispersed at an early hour, declaring Mrs. Bryden was a charming hostess. Mrs. Bryden is the widow of the late James A. Bryden, who was one of the most prominent citizens of Milwaukee, where he made many bequests, among them being an imposing statue of Robert Burns, which is the pride of the residents of that city.

Preparing for the Future.

Frank, who had just entered school, came home one day and began fighting his brother, two years younger. His mother protested at such performance, when he turned to her and said: "Mamma, I have to teach him to fight because when he goes to school some day I may not be with him if a fellow hits him, and he must know how to fight."

Easy to Classify.

Tommy was put to bed early one evening, and getting up next morning, his papa told him he had something to show him. Leading him into his mother's bedroom, he drew out from under the bedclothes a tiny baby which had come during the night. "Now, Tommy, what do you think this is?" said his father, smiling. Tommy's big eyes opened wide and looking proudly at his father, said: "Why, dat's a tid!"

REPUBLICAN LEADER FAVORS LARGE ARMY

WASHINGTON, Jan. 25.—"War with England, not Germany, is most to be feared by the United States," declared Republican leader Mann on the floor of the house today, in announcing the support of the preparedness program.

He favors a standing army of half a million men and implored his colleagues to look at the question of preparing this country for trouble as though the final and entire responsibility of the nation rested in their hands.

AUSTRIANS OVERRUN MONTENEGRO.

BERLIN, Jan. 25.—Officials of this city state that practically all of Montenegro is now overrun by the Austro-Hungarian troops which are living off the fat of the land. There are four separate invasions of Albania now under way and it is believed that part of the archives of the Serbians were captured when the Austrians occupied Scutari.

GERMANS TAKE 100 PRISONERS.

BERLIN, Jan. 25 (Official).—German troops are continuing the offensive at Arteis. They have successfully captured three machine guns and over 100 prisoners near Neuville Stvaast, north of Aeras. The counter attacks of the French along the entire line have been severely repulsed.

VISITED EASTERN STAR CHAPTER AT NEW SMYRNA

A. H. Carter, grand secretary of the O. E. S. of Florida and past grand patron as well, motored to New Smyrna Monday afternoon, accompanied by Mrs. Carter, past grand matron, and Mrs. E. A. Lapp, past worthy matron of Live Oak Chapter, No. 1, of this city, and attended a meeting of Dolores Chapter, No. 3, of New Smyrna, at which the grand matron, Mrs. Lulu M. Scott, of Fort Meade, was making an official visit. The meeting was well attended and interesting. The hall had been very prettily decorated for the occasion with flowers and greenery, ferns and red roses predominating, and unusually attractive

refreshments were served. The grand matron will make an official visit to Live Oak Chapter, of this city, early in February.

Distinction of Terms.

"Of course you favor the uplift!" "I don't know," replied the busy man. "I'm a plain, practical person. Sometimes I think the uplift depends too much on literature and science. What I favor is the boost."
